WEATHER CONDITIONS.

Light frosts occurred in South Carolina, Georgia, Tennessee, Mississippi, light to heavy in Alabama, and heavy to killing in North Carolina. Minimum temperatures in the Wilmington district: Wilmington 43, Charlotte 38, Cheraw 38, Florence 37, Goldsboro 36, Greensboro 33, Lumberton 31, Newbern 36, Raleigh 36, Weldon 32. Average for the district, 36.

Fire insurance, so far as heard from, is a risk for the insurance companies, but life insurance is a risk for the policyholders.

Mighty hard to tell from a man's looks whether he sorely regrets being caught or is temporarily harboring remorse for what people find out about him.

"Has an angel got whiskers?" inquires an exchange. Don't know—but we do know that the angel discussion has all sorts of whiskers.

Judge Alton Brooks Parker was Johnny on the spot with his condemnation of corporation subscriptions to vote-getting funds, but we presume that President Roosevelt has delayed an expression of his utter abhorrence till he can tell his troubles to Congress in his message.

Says the Greensboro Industrial News, in speaking of Governor Douglas, of Massachusetts: "A shoemaker should stick to his last." Advice like that is nothing less than irony to the Philadelphia shoemaker who was arrested a few days ago for having two wives. His first wife had him put in jail for sticking to his last.

Atorney Hughes, who won some notoriety by the able and fearless manner in which he has conducted the insurance investigation, had good sense enough not to accept the Republican nomination for mayor of New York against Mayor McClellan. Odell picked him out because he was in the public eye but Hughes was not ready to be sacrificed to the Moloch of Odellism.

While laying off for the duck season to open Mr. Grover Cleveland poked the women suffragists with a magazine article telling why women should not be allowed to vote. Miss Susan B. Anthony made faces at him in a characteristic reply and now the somewhat a-mewsing announcement is made that Mrs. Catt, the Kansas woman suffragist, has her back up and is making passes at the duck hunter. We just expected the thing would wind up in a catastrophe.

LOCAL DOTS.

—The tug Astral towing a Standard Oil barge with a supply of products for the local depot of the company arrived yesterday.

—Rev. Fred D. Hale, D. D., pastor of the First Baptist church, will be the speaker at the Y. M. C. A. men's meeting at 5 o'clock to-morrow afternoon. His subject will be "The Castaway." A programme of special music is being arranged.

—The steamer Wilmington is in port for an auual overhauling after a Summer's business. New crank pins, and a new propeller shaft are being put in and the boiler is being overhauled. The repairs are by the Cape Fear Machine Works.

—The Red Men's Carnival Monday night will be formally opened by a round of the fire alarm bell, turned on by Mayor Waddell, followed by a salute from the Howitzer of the Naval Reserves. The hour will be 7:30. At least, that is the arrangement of the committee, at present.

—S. Apostella, a Greek quite apart from the traditions of his countrymen in America, was before the Mayor yesterday, charged with being drunk and disorderly. He manifested a disposition to "move" and he was given 24 hours to shake the dust of the city from his shoes. Two other trifling cases were also disposed of in the police court yesterday.

—Edward Davis, colored, was haled to the court of Justice Bornemann yesterday on a charge of the abandonment and non support of his wife. Davis said he had asked Mr. McClammy to "speak" for him and was granted a continuance until Monday morning at 10 o'clock when Mr. McClammy will have completed more important matters in the higher court.

—The first of the B. S. A. meetings for men will be held at the armory of the Boys' Brigade Sunday from 5 to 6 o'clock. The chairman will be Private E. L. Hines; speaker, D. V. Wells; singers, Fifth Street Methodist Quartette; instrumentalist, from the First Baptist Sunday School; pianist, Mr. Leon Jewel. Familiar hymns will be used and books provided. All men are welcome.

—Thomas Herbert Williams, alias "Billerker," a negro youth, was sent to jail by Justice Furlong yesterday in default of $50 bond for his appearance in the Superior Court. "Billeker" admitted that he slipped into the office of the Hydraulic White Brick Co., a few afternoons ago, and stole a watch and a pistol from the coat of Mr. A. P. Yopp, a foreman at the works. The charge against the boy was larceny.

THE CARNIVAL NEXT WEEK.

Congress of Shows Giving Satisfaction In Kinston This Week.

The merry, merry carnival of the Red Men will hold the boards all next week and the small boy, the large boy and every other kind of a boy, with Autumn girls galore, will revel in the delights of another big street fair down town. The attractions will be furnished by the Jones-Adams Congress of Novelties and Exposition Shows, which are exhibiting this week in Kinston. Of the attractions the Free Press, of that city, says:

"The general expressions are of approval and that it is a decidedly clean and good aggregaraion of shows. The two free acts, leaping the gap and the trapeze performance were sensational features and are truly remarkable feats. Every show on the midway was well patronized and in fact the first night appeared more like the nights later in the week of carnivals, when the attendance is usually larger than first nights.

"Pretty nearly all of the shows received favorable comment from those who witnessed them and no attraction has cause for complaint at the patronage.

"The hypnotic show was a departure from the usual shows of the class and proved a conundrum to all who witnessed it. The apparent phenomenon of a hypnotized woman floating in the air was a mystery that puzzled all. The Bold Bank Robbery was a splendid exhibition of moving pictures as was the Train Robbery. The Wild Animal Show, the Old Plantation, Society's Fads and Favorites and the numerous other attractions were very good and were well patronized. The cane racks and all the side issues received liberal patronage and the carnival bids fair to be a financial success."

CORINNE RUNKEL COMPANY.

Week's Engagement Begins at Academy of Music Monday Night.

The Corinne Runkel Stock Company will begin a week's engagement at the Academy of Music Monday night. The company is playing this week in Fayetteville and the Observer says of the productions:

"The Corinne Runkel Company improves with each appearance, and last night, in 'Kentucky,' they gave a performance which delighted the audience, and in which there were a number of sensational and dramatic incidents. Despite the drawbacks incident to the very inadequate stage, the staging of the play was splendidly done, especially the racing scene, in which Miss Runkel appeared as a jockey (and a charming one she looked, too), on a fine bay horse, and a brass band of ten pieces discoursed music on the grand stand overlooking the track. Though it is a 'popular price' company, the artists are all above the average of the players found in such companies, and the audiences show their appreciation of this fact in the frequent applause which greets them.

"To-night the paly is the 'Stowaway,' which is said to be a very strong piece, affording every opportunity for the display of good acting. To-morrow night the troupe play their piece-de-resistance 'Uncle Josh,' or better known as 'The Old Homestead.' This, it is expected, will draw the big house of the week.

FALL SESSION ENDED

Wilmingtom Presbytery Had Enthusiastic Meeting This Week With Calypso Church.

MOST ENCOURAGING REPORTS

Presbyterial Schools Flourishing; Work of Evangelist and Home Missions—Revival Services in Progress at Calypso.

Ministers and delegates in attendance upon the annual Fall meeting of Wilmington Presbytery at Calypso, Duplin county, returned yesterday, the sessions proper having ended on Thursday night. Rev. J. M. Wells, D. D., and Mr. H. W. Malloy, of the First church, returned in the morning and Dr. McClure and Rev. J. S. Crowley, in the evening. They report a most enthusiastic meeting and the most largely attended in the history of Presbyterianism in this section of the State. There was a full attendance of pastors and a very large attendance of elders. Dr. McClure remained over to preach at 11 o'clock yesterday morning, beginning a series of revival services that will continue in the church through next week, and Rev. Mr. Crowley remained to deliver a missionary address yesterday afternoon. Dr. Wells closed the regular meeting of Presbytery on Thursday evening with a Presbyterial sermon on Predestination.

Wednesday morning the opening sermon was preached by Rev. Mr. Crowley, at the request of Rev. P. McIntyre, of Faison, the retiring moderator, the departure from the usual custom having been on account of the retiring moderator's being pastor of the church with which Presbytery met. The first day's session was devoted largely to hearing reports from the churches. These showed remarkable progress along all lines. A new church has been founded at Bowden's and several new missionary stations have been established. Mr. W. E. Hill was examined and licensed to preach on Thursday and was later dismissed to Lexington Presbytery, Virginia.

Home missions and the work of the evangelist, Rev. R. M. Williams, took up much of the time of Prebytery; especially the Presbyterial schools, which are all in good condition. This was found to be notably true as to the Clarkton Male Academy, at Clarkton, and the James Sprunt Institute, at Kenansville.

A collection for Baruim Springs Orphange was taken and plans to raise $2,500 for ministerial relief were set on foot.

The people at and around Calypso entertained the Presbytery admirably. A new church was established there only two years ago. The congregation now has a pretty new church with a seating capacity of over 250; good moral influences are at work in the community and the Presbyterians there are enthusiastic in the work. An active Sunday School is conducted and in every way the membership is alive to the responsibilities of organization. In a series of revival services that had a most auspicious opening with the sermon by Dr. McClure yesterday morning, the pastor, Rev. P. McIntyre, will be asisted by Rev. W. P. M. Currie. Calypso is midway, between Faison and Mount Olive, on the W. & W. railroad, and the church there has accomplished much in the general development of all that section.

REV. MR. THOMAS RESIGNS.

Assistant Rector of Saint James Goes to Asheville, N. C.

Rev. Harold Thomas, assistant rector of the parish of Saint James and minister in charge of the Chapel of the Good Shepherd, at Sixth and Queen streets, has tendered his resignation to the vestry of the parish and will leave on November 1st for Asheville, where he will have temporary charge, at least, of Trinity church, in that city. Mr. Thomas' decision to resign his work here is sincerely regretted by numerous friends of himself and family in this city, who sincerely hope that they will be pleasantly situated in their mountain home. Rev. Mr. Thomas came here a comparatively short time ago and has accomplished a splendid work in the field to which he was assigned. In Asheville he will have a much wider field of usefulness and a much more important charge. Rev. Mr. Thomas' successor here has not yet been announced.

Signed Eight-Hour Agreement.

All the employing printers of Wilmington this week signed the eight-hour agrement as promulgated by the International Typographical Union to go into effect, January 1st. 1906. It was a national issue all over the country and Wilmington is to be congratulated upon escaping the unpleasant strikes that characterized the fight in many of the larger cities. The signing of the agreement here was without friction between employers and employees. The formal report of the committee entrusted with the work of securing the agreement in behalf of the employes will be made at the next meeting of the Wilmington Typographical Union.

New Postoffice Equipment.

A dozen drawers for the larger receivers of mail are being installed at the Wilmington postoffice, just under the front tiers of the lock boxes and smaller drawers. It is Postmaster Wallace's idea and a good one. The drawers are about 18 inches wide, 8 inches deep and probably two feet long. They are provided with burglar-proof locks of the regular postoffice design, and will be safe and convenient for the larger concerns which find the ordinary boxes and drawers too small to hold their mail.

BERWIND MUTINY HORROR

Vessel Owners and Agents Arrive to Look Into Situation—Singular Incidents of Affair.

The story of the mutiny and wholesale murder aboard the schooner Harry A. Berwind, off this coast, at the break of day Tuesday morning, reads like a tale from the Arabian Knights. Day by day, little details leak out from the prisoners in jail at Southport, all going to complete warp and woof of a narrative, scarcely paralleled in the literature of the days of Captain Kidd. It is now stated that several of the white members of the crew of the vessel were dumped over the rail into a fothomless sea long before the pistol shot wounds had made life extinct. The prisoners are described as cool and collected and apparently little concerned about what has been or will be done. They are still in jail at Southport, and will be kept there for the present, at least, as was stated in these columns yesterday.

There were no developments in the case yesterday other than the arrival of Capt. I. P. Hewitt, of Camden, N. J., managing owner and Mr. I. J. Stetson, of Philadelphia, broker of the schooner Berwind. They came in yesterday morning and in the afternoon went down to Southport with Capt. C. D. Maffitt, the ship broker of this city. Last night Mr. W. A. Anderson, of New York, owner of the rescuing schooner Blanche H. King, arrived and will go down to Southport this morning, the presence of these gentlemen being in order that all differences as to salvage, etc., may be settled, so that the vessels may proceed. Mr. Anderson is accompanied by his wife and they are guests at the Orton.

Capt. J. W. Taylor, of the rescuing schooner, formerly traded at this port in another vessel and he relates a singular occurrence aboard his ship the day before he sighted the ill-fated Berwind. Capt. Taylor is not superstitious, but says that it was singular that on the day of the mutiny a jackdaw flew aboard his ship and almost into his hands. Later a fish hawk also fluttered aboard and was caught, placed in a barrel and brought into Southport. When the birds flew aboard, Capt. Taylor had no idea of the mutiny in progress in much the same waters, but it is not a pertinent inquiry "Were these birds, messengers of death?"

Another singular coincidence is that the mate, who was murdered on the Berwind, was a former mate under Capt. Taylor on another vessel. The negro Scott, regarded as the most dangerous of the mutineers, also was a former seaman on a vessel commanded by Capt. Taylor. The negro recognized Capt. Taylor as soon as he saw him.

Capt. Taylor is accompanied by his wife on the schooner King, and she was present when the mutinous crew was brought aboard the ship Wednesday morning.

SUPERIOR COURT ENDS TODAY

Melvin Horne Damage Suit Still in Hearing, Will Be Completed Today—City vs. E. K. Bryan.

The two weeks' term of New Hanover Superior Court will expire by limitation to-night at 12 o'clock. No other cases than that of Melvin Horne against the Consolidated Company, which is now in hearing, will probably be reached. This afternoon will likely be devoted in clearing up matters of trifling importance on the motion docket. Judge W. R. Allen, who is presiding at this term, has made a most favorable impression on both the bar and the public. He is learned in the law, clear and lucid in his exposition of the same, and is affable and courteous to all alike.

The testimony in the damage suit of young Mr. Horne against the Consolidated Company was all in yesterday by 1 o'clock and the entire afternoon was devoted to argument by counsel to the jury. J. O. Carr, Esq., opened for the plaintiff in a speech of nearly an hour admirably presenting a general outline of the contentions of the plaintiff. Mr. Junius Davis followed for the defendant company, speaking with force, but quietly, with special reference to the law involved, Woodus Kellum, Esq., addressed the jury next, in behalf of the plaintiff. His speech was vigorous, practical and effective. Mr. George Rountree, for the plaintiff, was addressing the jury when a recess was taken at 6 o'clock until 10 o'clock this morning. His speech was characteristic of the man—straight from the shoulder and with a close application of the facts to the law. The argument will be completed to-day with closing argument by Iredell Meares, Esq., for the defendant, and Herbert McClammy, Esq., for the plaintiff. The case will probably get to the jury to-day about noon.

In the case of City of Wilmington against E. K. Bryan, by consent of plaintiff and defendant, it was ordered yesterday that each party be given ten days after adjournment of court to file type[illegible] and to be deter[illegible] out of te[illegible]

Fayettev[illegible]

Fayette[illegible] tract for [illegible] its electr[illegible] Chalmers Company, of Milwaukee, Wis., which was represented by Messrs. Seldon Jones and O. C. Ross, of Atlanta. They are to furnish the mechanical part of the proposed work, that is an engine and two boilers, to be set up and put in working order by them, within one hundred days, for the sum of $7,250.

The Westinghouse Electrical Company, of Pittsburg, Pa., gets the electrical part of the contract, which is for a 235 killowat generator, at $3,219; and 60 alternating arc lights, for the streets, at $2,188. They are to take the old arc light plant off the city's hands, paying $550 for the same. The total cost of the whole work is $12,107.

BOND FOR SHOCKLEY

Writ of Habeas Corpus and Admission to Bail in the Superior Court

CAPT. JNO W. HARPER SURETY

Amount Fixed at $7.500 and Promptly Given—Prisoner Greeted Cordially by Friends Upon His Release. Petition and Order.

M. W. Shockley, who has been in jail since July 30th, charged with the killing of Frank Talbert, a marble cutter, in front of the saloon of the defendant at Front and Dock streets, particulars of which are well remembered, by the public, walked out of the Court House, between 11 and 12 o'clock yesterday morning, a free man, having just been admitted to bail in the Superior Court in the sum of $7,500, which was furnished by Capt. John W. Harper.

The release of Mr. Shockley from custody was the result of habeas corpus proceedings instituted last week before Judge W. R. Allen, the outcome of which came as no surprise, it having been understood for several days that the Solicitor would resist no tender of a reasonable amount of bail. At the hearing yesterday Hon. Jno. D. Bellamy represented the State in the absence of Solicitor Duffy and the hearing upon the writ of habeas corpus was a mere formality. Mr. Shockley was brought into court by the Sheriff at 10 o'clock as he had been commanded in the order by Judge Allen; the petition was read; the attorneys made a few explanatory remarks, the writ was granted and in a few minutes the bond had been signed and delivered to the clerk by Capt. Harper, who fully justified in the amount named. Mr. Shockley shook hands with his counsel, a few friends inside the railing and immediately left the court room, proceeding as early as possible to a barber shop and depriving himself of a heavy, black beard, grown during the two and a half months of his imprisonment. He met a number of friends on the street, shook hands cordially and spent the remainder of the afternoon with his faithful little wife and two bright little children who have cosy apartments on the second floor, over Tienken's barber shop on Princess street.

The proceedings in court began with the reading of the petition for bail, drawn up by defendant's counsel, Herbert McClammy and Marsden Bellamy, Esqs., and reading as follows:

State of North Carolina,
County of New Hanover.

To the Hon. W. R. Allen, Judge riding the Fifth Judicial District of North Carolina:

The undersigned, M. W. Shockley, petitions your Honor, and respectfully shows to the court:

1. That he is imprisoned in the county jail of New Hanover and restrained of his liberty by F. H. Stedman, High Sheriff of said county.

2. The cause of such imprisonment and restraint, according to the knowledge and belief of this applicant, is that he is charged with murder and is under restraint by reason of a bill of indictment, found before the grand jury, a copy of which bill is hereto attached.

3. That the said imprisonment is not a legal imprisonment and the illegality of said imprisonment consists in the following:

That it is true that a fight occurred in front of his place of business and a blow was inflicted upon the head and body of one Talbert, who was at that time assaulting your petitioner's clerk and employe, a man of the name of Robbins, but this petitioner is unable to say whether the blow inflicted by him caused the death of the said Talbert or not, that the said Talbert was intoxicated and disorderly and was with a crowd of men, who had in their possession brass knucks and other instruments of death, and when your petitioner saw the horrible condition in which his clerk and employe was placed, he rushed to the rescue and dealt a blow on the body or head of some person, he knows not who.

Wherefore, your petitioner respectfully prays that your Honor grant a writ of habeas corpus and inquire into the facts and admit this petitioner to bond. M. W. SHOCKLEY.

Personally appeared before me, M. W. Shockley, who being duly sworn, deposes and says, that he has read the foregoing petition and that the facts stated are true to his own knowledge, save those therein stated on information and belief as to them, he believes them to be true.

W. N. HARRISS,
Deputy Clerk. S. C.

Upon the reading of the foregoing Judge Allen then signed the following order:

State vs. M. W. Shockley. Murder.

This cause coming on to be heard upon the return of the writ of habeas corpus by the Sheriff of New Hanover County, after due examination and de[illegible]
[illegible]ered and adjudg[illegible]
[illegible]t, M. W. Shockley, [illegible] admitted to bail [illegible]. It is further ad[illegible]ourt that upon [illegible]he defendant of [illegible]in the sum of [illegible]d sufficient surety

to be justified before and approved by the Clerk of the Superior Court of New Hanover county, for the appearance of the said M. W. Shockley at the term of the Superior Court of said county to be held on the sixth Monday before the first Monday in March, 1906, to answer the charge of murder and not to depart therefrom without leave, the sheriff of New Hanover county release the said M. W. Shockley from custody.

This, 13th day of October, 1905,
W. R. ALLEN.
Judge, etc.

Mr. Shockley, having disposed of his saloon interests, will remain in the city and devote his time to his barber shop at The Orton.

PERSONAL PARAGRAPHS.

—Sheriff Geo. B. McLeod, of Lumberton, was here yesterday.

—Mr. J. DuVal Robertson, of Whiteville, is a guest at The Orton.

—Mr. C. D. Franck, of Richlands, N. C., was a guest at The Orton yesterday.

—Dr. J. P. Brown and wife, of Ashpole, were guests at The Orton yesterday.

—Mrs. P. L. Bridgers has returned from a visit of several weeks to Northern resorts.

—Miss Martha Garde Chrisman, of Pittsburg, Pa., is in the city the guest of her niece, Mrs. C. F. W. Rehder.

—Mr. and Mrs. George W. Brunson, Jr., and little daughter, of Charlotte arrived yesterday to spend a few days at their former home. Mr. Brunson expects to return to Charoltte Sunday.

—Mr. F. K. Tomlinson a clever "Knight of the Grip," has resigned his position with the wholesale dry goods firm of Messrs. Morris Bear & Bro., of this city, and will travel in the future for a house in Richmond, Va.

—President Jno. S. Armstrong, of the Atlantic National Bank, and Mr. James F. Post, a member of the Board of Directors of the same institution; Mr. H. C. McQueen, president of the Murchison National, and Mr. Chas. N. Evans, cashier of the Southern National Bank, are in Washington attending the annual meeting of the National Bankers' Association. They will return to-day.

AS TO COTTON MARKET.

Receipts for Week Show Falling Off—As to Storage.

The stock report posted yesterday at the Chamber of Commerce shows receipts of cotton for the week ended yesterday to have been 21,675 bales against 25,895 during the corresponding period last season. Local receipts since September 1st, this year, have been 108,963 bales against 102,803 bales up to a corresponding date in 1904. It will be noted that the receipts for the new crop year are even heavier than last season when there was such a rush to get the staple to market. In this connection the following sound, sensible advice is given in a circular letter mailed yesterday by one of the first cotton firms of this city:

"We take this opportunity of urging our friends who wish to store cotton, to store it either at home under shelter, or at a public warehouse in the interior. Many holders who desire an advancing market are hindering an advance by consigning their cotton to the ports, where it is counted in the stocks of these ports, increasing the supply in sight and adding a corresponding depression to the already overladen market. If this cotton were kept in the interior it would be out of sight and therefore could not be counted against the market. Our agents are requested to make this known to those who are shipping their cotton to the ports and who are thereby defeating their object."

TO CONTINUE QUARANTINE.

Reports of Frost in Yellow Jack Territory Considered.

The Board of Health of the city met yesterday afternoon in the office of the Mayor at the City Hall to consider the advisability of lifting the quarantine against the yellow fever district further South, in view of the reports of frost in that section, but after a thorough discussion of the subject and a review of the press dispatches relating to weather conditions in the yellow jack belt, it was decided to continue the precautionary measures. While the danger of infection was considered very much reduced, the Board took the position that thus far the quarantine had been effective and it would be a great responsibility to shoulder, should the disease creep in at the last moment. The quarantine will remain on with no relaxation of effort until the disease is entirely stamped out to the South of us.

THE McCRAW TRAGEDY.

Remains of Mrs. Wright Sent to Washington, N. C.—The Prisoner.

The remains of the late Mrs. Mary E. Wright, the victim of the deplorable tragedy in this city Thursday morning, were taken to Washington, N. C., for interment, yesterday morning, accompanied by the deeply bereaved members of the family.

There were no further developments in the sad affair yesterday. McCraw had no callers at the jail, and probably will not have until members of his family arrive from Louisburg to-day. Mr. Marsden Bellamy did not confer with the prisoner again yesterday and as yet, it is believed, that the man has made no arrangements for counsel. However, the case will likely not be tried until the January term of court, and there will be plenty of time yet to arrange for the defence.

People's Supply Company.

The People's Supply Company met Thursday at the office of Messrs. Bellamy & Bellamy, attorneys for the corporation, and organized by the election of Mr. W. B. Cooper, president; Mr. I. W. Cooper, vice-president, and Mr. W. B. McClellan, secretary, treasurer and general manager. The company will begin business October 15th in one of the stores on the first floor of the new I. Shrier building, on North Front street. A select line of fancy and staple groceries will be carried for the retail trade.

Chadwick-King.

Invitations to out of town friends have been issued as follows: "Mr. and Mrs Hill E. King announce the marriage of their daughter, Amy Eugenia, to Mr. Robert A. Chadwick, on the morning of October eighteenth, nineteen hundred and five, at ten o'clock, at their residence, 119 West edenton street, Raleigh, North Carolina." The bride-elect is a young lady of Raleigh with many friends, and Mr. Chadwick is a popular young business man of Wilmington.

SAFEGUARDING IMMIGRATION.

The Junior Order of United American Mechanics is a patriotic as well as beneficiary and social organization of this country. Its principles are based on love of country and it is eminently proper for the order to originate a movement to safeguard the United States from indiscriminate immigration. The Supreme Council of the Order with headquarters at Jamestown, O., has renewed the agitation in a most earnest and effective way and is sending broadcast circulars urging the subordinate Councils to unite in urging both National and State legislative bodies to adopt legislation that will protect the social, civic and political institutions of this country from the peril of a European immigration movement that may bring to our shores hordes of people who have no knowledge of and care less for the American mode of life and government.

It must not be misunderstood that the Junior Order of United Mechanics is opposed to a desirable class of immigrants, for all Europeans who are not of a class that is dangerous or undesirable are welcomed here as home seekers. We fully concur in the wisdom of this timely movement, and hope the Legislature of North Carolina will not be lacking in precautionary steps to at least protect North Carolina. We have no immigration commission or bureau in this State and very little of immigration law of any kind. Indiscriminate independent immigration movements without restrictions is one of the dangers and we presume that the next Legislature will pass laws which will at least provide some safe supervisory oversight on the part of the State of the bringing here of settlers. If we cannot have an immigration department or commissioner we can at least have laws that will safeguard North Carolina.

Mr. J. L. King, Councilor of Jeff Davis Council, No. 63, Junior Order United American Mechanics, hands us a circular which the Supreme Council is sending out on this subject. From it we take the following and we are sure that its wisdom will be generally commended:

"Immigration from European countries during the past year was larger than ever before, and the positive and ever present evils of unrestricted immigration are so antagonistic to our local condition and the welfare of the wage-earners of the United States that the American people who demand that some barrier be erected, not only against the insane, the criminal and the pauper, but against the competitive alien upon whose product we have been levying a high protective tariff. Charitable institutions, prisons and hospitals are crowded with aliens, and some of the trades, mines and public works are so burdened with the low grade of foreign labor that the American workmen are driven out. Last year twenty-five million dollars was sent back to Italy by Italians in America and most of it was to assist others to come. Some parts of Southern Europe have become almost depopulated through immigration to United States and in many localities not enough able-bodied men can be found to bury the dead for the reason that all the men and boys are in the United States and every one of them has displaced some American native born or naturalized citizen. The restriction of immigration has become an economic necessity and should be made a live political issue throughout each Congressional District. The situation is grave and threatening for the tide of immigration brings with it the germs of anarchy, crime, disease, and degeneracy and it is an open attack on the very existence of the American laboring man. Already the character of many parts of the New England States has been radically altered because of the fact that the foreign element has driven out the old stock of Americans, which will be the ultimate fate of other portions of our land, and if continued for one hundred years the present race of native born or naturalized Americans will be as extinct as the mound-builders. Under our loose naturalization laws these ignorant immigrants soon become voters, the tools of corporations, the bosses and the demagogic ringsters, and their votes give the majorities in our great cities, carry the States and thereby decide for us our national elections and policies. The objects of the Jnior Order United American Mechanics has been greatly misunderstood and misquoted. It is not desired that any foreign born person be excluded from this country if his intention in coming here is to make this land his home, to observe her laws and to assist in maintaining the high character of social life we have always enjoyed."

LIKES FAYETTEVILLE.

The Fayetteville Observer of Thursday contained this:

"Mr. W. L. McKee, representing W. N. Harris & Company, of New York, who was the successful bidder Tuesday for the $100,000 bond issue, was driven over the city Tuesday, and was visibly struck with Fayetteville's great advantages. He said that Fayetteville should be, and he had no doubt that it would be before many years, one of the great manufacturing centres of the United States. This the Observer has often predicted."

The gentleman has a good eye. Wilmington is specially interested in her sister city of the upper Cape Fear and it is gratifying to hear good things about her.

Wilmington people will have an opportunity to see Fayetteville October 25th, 26th and 27th, when the Cumberland County Agricultural Society will hold its annual fair. These fairs are always successful and are worth attending. No doubt Wilmington will be well represented.

WOMAN'S FAVORITE.

The Delineator for November comes to us with more than its usual brightness and thorough excellence. The cover design is an artistic picture and the magazine throughout is superbly and practically illustrated. Not only are the fashions for the season presented in the most delightful and striking manner but the publication is really a book of splendid literary merit. Its pages are replete with charming stories and miscellaneous matter for home reading, and the fashion and home science departments make it a most welcome visitor to American homes. This superior magazine is sent a year for $1, or 15 cents per copy. Address The Butterick Publishing Co. (limited), New York.

—The Supreme Court of Kansas has gravely decided that a pool table is a billard table. This is one of the most notable decisions since George E. Cole, then State Auditor, held that there were 30 days in February.—Kansas city Star.

—Now that the funds stolen by Messrs. Gaynor and Greene have about given out, it looks as if they may be brought to the bar of justice after all. They are now subject to the poor man's law, and maybe they will go to jail.—Birmingham News.

—Secretary Bonaparte can sympathize with "Corporal" Tanner. Some "forty dozen" descendants of Marshal Ney are appealing to him as Napoleon's grandnephew for assistance, and beseeching him to remember "old time at Marengo and Austerlitz."—New York Evening Post.

—The New York Sun says that the best way to inculcate business morality in the insurance business, would be to put some of the leading men in it in jail, where there is plain living and hard thinking. The same remedy would be efficacious in other lines of business, and especially as to public officials.—Columbia Record.

—The suggestion that criminals under death sentence be permitted to buy a chance of life by offering themselves for scientific experiments is hardly likely to attain any very wide judicial approval. The condemned murderer has always been too much of a candidate for popular sympathy to make it any wise part of his punishment to appear as the voluntary martyr to science.—Boston Transcript.

—A handsome auditorium to cost $13,000 or more is at an early day to adorn the grounds of St. Mary's school in Raleigh. The erection of the auditorium comes as a gift of the late Mrs. Eliza Pitman, of Tarboro, who died a few months ago. This is a piece of good fortune for St. Mary's, and friends and patrons throughout the South will feel great pleasure and rejoice with the school in this splendid gift.—Lumberton Robesonian.

THE COTTON MARKET.

New York, October 13.—After early firmness, the cotton market weakened under a renewal of bear pressure and liquidation with the close barely steady at a net decline of 2 to 4 points; sales were estimated at 350,000 bales. The opening was steady at unchanged prices to an advance of 2 points in response to steady cables but local sentiment was bearish owing to the higher temperatures officially reported throughout the belt and shortly after the opening prices sold off to a net decline of 4 to 5 points. This was followed by a rally on covering of shorts and buying for a turn on predictions for unsettled weather in the belt and fear that the cold weather predicted northwest of the belt might work down into the cotton country over Sunday, together with reports of small spot offerings in the interior. After selling about 11 to 13 points net higher or around 9.99 for January, the market met a renewal of bear pressure and early buyers liquidated. The close was within 2 or 3 points of the lowest. Southern spot markets as officially reported were 1-16c lower to 1-8c higher. Estimates for tomorrow's receipts at leading points were full, but the weekly interior movement showed a falling off at the smaller towns.

Receipts at the ports today were 55,628 bales against 49,672 last week and 74,560 last year. For the week (estimattd) 350,000 bales against 348,744 last week and 398,595 last year. Today's receipts at New Orleans 8,713 bales against 15,429 last year and at Houston 15,104 bales against 9,783 last year.

Special Trial Offer

THE MORNING STAR

At Reduced Rates

To New Subscribers

For the next sixty days will mail THE MORNING STAR to subscribers outside the city at the following reduced rates:

FOR ONE YEAR $4.00

FOR SIX MONTHS $2.00

Positively, no subscription will be taken at the reduced rates for a period less than six months. For one month the price will be, as heretofore, $1.25 for three months; or, fifty cents for one month.

This offer, as will be noted, is for a limited period only, and is made for the purpose of giving those who appreciate the value of a daily newspaper an opportunity to read the STAR for six months, or more, at a cost of about one and a quarter cents per copy, and then determine whether or not they will continue their subscription at the regular price.

No name will be entered on our books under this offer unless the order is accompanied with the cash.

While this proposition is made primarily to secure new subscribers, old subscribers outside the city may avail themselves of its advantages at the reduced rate provided they pay all arrearages and for not less than six months in advance.

On account of the heavy expense attached to our city circulation department this offer does not apply to city subscribers.

Sample copies mailed free to any address.

Note the conditions of this offer carefully to avoid mistakes.

Coal -- Wood -- Coal

A Convenient Way to Buy Coal.

We have a constantly increasing number of customers who purchase their Winter's coal supply as they are able. When they have the price, they buy a ton, pay for it, and have it sent home. A little later on they get another ton and so on until their full supply is all in. Doing it this way the weight of the whole purchase is not felt. At the same time they have their fuel supply laid in and paid for ready for use before the Winter comes.

If you cannot order your whole supply at once try this plan. We are as pleased at receiving an order for one ton and give the same attention as one for a large quantity.

SPIRITS TURPENTINE.

—State Entomologist Woglum has gone to Lumberton to look after a pest of cotton worms there, these worms being commonly spoken of as caterpillars.

—The first solid carload of pumps manufactured in the State border was shipped from Hickory this week by the Latta & Martin Pump Co., to the city of New Orleans.

—Maps and all detail plans of the Hickory Electric Railway were received in that city on Wednesday. The engineers, who spent several days going over the grounds and mapping out the lines, left for New York a few days ago.

—A telegram from Mr. Harvie Jordan, president of the Southern Cotton Growers' Association, to Mr. Clarence H. Poe, says he will certainly be in Raleigh to-day to address the North Carolina Cotton Growers' and Business Men's Association.

..—Charlotte Chronicle: The temporary death rate per 1,000 inhabitants during the month of August, as announced by the North Carolina Board of Health Bulletin was for Charlotte ,16.8; Durham, 18.7; Fayetteville, 20; Goldsboro, 35.4; Greensboro, 29.7; Monroe. 17.1; Raleigh, 20; Salisbury, 31.9; Southport, 42.8; Wilmington, 29.7; Winston, 10.

—Charlotte Observer, Oct. 13th: Mr. C. C. Moore, the well known dairyman, notified the Water Commission at their meeting last evening that he would enter suit against the city for damages to the amount of $50,000, estimating this to be due him in return for the very material reduction of the water supply at his dairy farm near the present water works plant.

—Raleigh correspondence, Charlotte Observer: State Treasurer Lacy says that, on the 15th of December, he will be called on to pay $275,000 on pension warrants; December 1, $40,000, the monthly operating expenses of the administration; January 1, $75,000 interest on the bounded debt and $40,000 current expenses for the month; and about the middle of January $200,000 of public school warrants, under the act giving aid to schools and for keeping them open at least four months in the year. This will make about $750,000 to be paid out in that period.

A very distressing accident occurred near Rocky Mount on Wednesday. Mr. T. F. Cherry, one of the most prominent farmers of Edgecombe county, was accidentally shot and instantly killed by Mr. Dempsey Weaver. It seems that Mr. Weaver, who is a tenant on Mr. Cherry's place, was out squirrel hunting, and Mr. Cherry hearing shooting went down to investigate, and hid himself in some thick bushes. Mr. Weaver came along and seeing the bushes move, though a squirrel was there, and shot with fatal results. Mr. Weaver is greatly distressed over the terrible accident.

—Maxton correspondence, Oct. 12th: The death of Mrs. Mary Virginia McLean, wife of Mr. John Allen McLean, of this place, occurred last night at 10 o'clock, after an illness of several weeks. Mrs. McLean was a most estimable Christian lady and has many friends throughout the State who will be grieved at the news of her death. She is survived by four sons and three daughters, Messrs. A. D. McLean, of Washington, N. C.; S. B., J. D., and J. A. Jr., and Mrs. R. D. Croom, Misses Bessie and Mattie McLean, of this place. She is a sister of Judge George H. Brown, of Raleigh; Mrs. Geo. A. Crabtree, of Goldsboro; Mrs. Judge Shepherd, of Raleigh, and Mrs. G. A. Sparrow, of Lowell, N. C.

—A Winston Salem dispatch on Thursday says: Mrs. C. L. Claybrook, aged about 50 years, a highly respected woman of Stonesville, a little town on the Norfolk & Western Railroad, was struck by freight train No. 8, in charge of Conductor Reynolds, running between Roanoke and this city, about 8:30 o'clock last night and almost instantly killed. The accident occurred at the south side of the Stoneville station, and the train crew knew nothing of it until they reached Mayodan, when a message was awaiting Conductor Reynolds. Mrs. Claybrook was returning from prayer meeting in company with her daughter, Mrs. R. L. Stone, and three young ladies at the time of the fatal accident. No one seems to know just how Mrs. Claybrook lost her life.

.—In the Superior Court at Winston-Salem Thursday Ade Walker submitted to a verdict of murder in the second degree for killing Eugene Lamar, in Kernersville, August 9th. A jury was empaneled and Judge Bryan heard the evidence of the defendant and several witnesses for the State and the defense. Walker made a good witness. He was cool and deliberate and cross-examination by Solicitor Graves did not appear to effect him in the least. Walker's aged mother, who resides half a mile from Kernersville and who has stood by him in all of his "trials and tribulations," sat near her son during the hearing this morning. Guerney Quate pleaded guilty to two indictments, shooting J. A. Reed at his store just east of the city, and shooting at Thomas Reed, at the same place. In reply to a question by the solicitor, Quate said that he had been on the county roads ten times Judge Bryan gave him a term of two years to-day.

—At Asheville on Thursday, Judge Pritchard, of the United States Circuit court, made an important order in the case of F. M. Cope, administratrix, vs. the Southern Railway Company, in a suit for $75,000 damages by reason of the death of Charles M. Cope, who was killed in a railway accident at Greenville, S. C. The suit was instituted in the Court of Common Pleas of Greenville county, and upon motion of counsel for the defendant company, was removed to the United States court. Judge Pritchard, after hearing argument of counsel, is of the opinion that the grounds are not well taken and signed the order remanding the big damage suit to the State courts. Charles M. Cope was in the employ of the Southern Railway as brakeman at the time of the visit of the Ogden educational party and was one of the victims of the accident near Greenville, S. C., when the Ogden special train plunged into a freight and was wrecked.

—Charlotte Observer: A study of the comparative cotton receipts for this and last year will convince anyone of the dogged determination of the farmers of this section to hold their cotton until better prices are offered for it. The receipts on the local market yesterday were 74 bales, the price being 9.75 cents a pound. The receipts for the corresponding date of last year were 124 bales, and the best price was 9 7-8 cents. The receipts for this month, up-to-date, have been 710 bales, while during the corresponding period of last October, the receipts were 1,538 bales. The receipts for the first four days of this week have been 111 bales. The corresponding four days of last season 347 bales were sold. This vast difference, notwithstanding the fact that the price a part of the time this year has been larger than it was last year. One reason that the farmer is holding his cotton this year is that he finds no trouble in getting money, with his stored cotton as security, from the banks of the city. Money is plentiful and any man with the staple can get it.

MAYOR STOOD BY THE GAS MAN

Policemen Kept City Councilmen In a Meeting by Force.

By Wire to The Morning Star.

Omaha, Neb., Oct. 11.—The most extraordinary scene ever witnessed in the Omaha council chamber occurred today when Mayor Moore's stationed a cordon of policemen at the doors of the room and prevented three members of the city council leaving the chamber, thus keeping intact a quorum, which the majority used to pass an ordinance, entering into a contract with the Omaha Gas Company for furnishing illuminating gas to the city.

The council met in adjourned session, a quorum not being present at Tuesday night's regular meeting. After a roll of the council was called President Zimman and Councilmen Nicholsen and O'Brien started to leave, thus breaking the quorum. They found every door blocked by stalwart policemen and were forced to remain in the council room. A member of the majority made a motion placing the ordinance on its passage but President Zimman refused to put the question. Councilman Huntington, a member of the majority, put the question, five members voting for it. The minority members declined to vote.

Mayor Moore was present and immediately returned the contract with the bond approved.

The mayor made an inflammatory speech and several strong epithets passed between the mayor and the minority members of the council.

BIG CONTRACT ANNULLED.

Markel Will Not Cater to People on Panama Canal.

By Cable to The Morning Star.

Panama, Oct. 11.—The last action of the Panama Canal Commission before sailing from Colon for New York was the annulment of the contract awarded to J. E. Markel, of Omaha, Neb., for feeding and caring for the employes of the canal. The reason for this action is that Chief Engineer Stevens, through the department of materials and supplies, under Messrs Jackson and Smith, is handling the commissaries successfully, rendering unnecessary the arrangement with Mr. Markel. Protests made by the employes against the arrangement also influenced them in their action.

Colon, Oct. 11.—The steamship Havana sailed for New York this afternoon with the members of the canal commission, the board of consulting engineers and other members of the party. The members of the commission were reticent regarding the possible character of the canal. It will be several weeks before their report is ready for presentation to President Roosevelt.

DANGER IN DELAY

Kidney Diseases Are Too Dangerous for Wilmington People to Neglect.

The great danger of kidney troubles is that they get a firm hold before the sufferer recognizes them. Health is gradually undermined. Backache headache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, diabetes and Bright's disease follow in merciless succession. Don't neglect your kidneys. Cure the kidneys with the certain and safe remedy, Doan's Kidney Pills, which has cured people right here in Wilmington.

J. A. White, electrician for the Coast Line Railroad, at Rocky Mount, formerly residing at 206 North Sixth street, says: "I had great trouble with my back, right across the loins, and when I sat still for a while I hardly knew how to move and when I did you would think I was seventy-five years old. There were pains all over me and I could not tell where they were to strike me. I used liniments and lots of remedies, but nothing did me any permanent good until I procured Doan's Kidney Pills at Bellamy's drug store and used them. They helped me in a very short time and seemed almost to oil up my joints; in fact, I have not had the pains since I used them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

IT IS FOR LADIES, TOO.

They Can Stop Their Hair Falling Out With Herpicide.

Ladies who have thin hair and whose hair is falling out, can prevent the hair falling out, and thicken the growth, with Newbro's "Herpicide." Besides, Herpicide is one of the most agreeable hair dressings there is. Herpicide kills the dandruff germ that eats the hair off at the root. After the germ is destroyed, the root will shoot up, and the hair grow long as ever. Even a sample will convince any lady that Newbro's Herpicide is an indispensable toilet requisite. It contains no oil or grease, it will not stain or dye. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

CHAMPIONSHIP BASEBALL

Costly Error Gave New York Nationals Third Game Over Philadelphia Americans—Score 1 to 0.

By Wire to the Morning Star.

New York, Oct. 13.—Three to one is now the advantage which the New York Nationals hold over the Philadelphia Americans in the struggle for the world's championship. The New Yorks scored their third victory today and if the local men succeed in getting the better of the visitors in tomorrow's contest the world's championship flag will fly from the big mast in the Polo grounds.

Philadelphia, heavily handicapped by the loss of services of the erratic pitcher, Waddell, has succumbed to the masterful work of Mathewson twice, and today McGinnity pitched gilt-edged ball, which partially atoned for his defeat at the hands of Bender last Tuesday on the same diamond.

Manager Mack decided that his Indian pitcher should have a sufficient rest and put in Plank who with good backing would have done better.

In the fourth inning, however, Monte Cross was so anxious to get a bounder from Mertes that he fumbled the ball and juggled with it long enough to let the batter reach first safely. This was the only error recorded in the game but it was an expensive one, as it formed the nucleus of a run—the run which won.

McGinnity and Plank were equally effective but Plank managed to get a hit which the "Iron Man" failed to do.

The score:

New York .....0 0 0 1 0 0 0 0 0—1.
Philadelphia .....0 0 0 0 0 0 0 0 0—0

Summary: Two-base hit: Devlin. Sacrifice hits—Donlin, McGann, Devlin, Hartsel, Murphy. First base on balls—Off McGinnity, 3; off Plank, 2. First base on error—New York, one. Struck out by McGinnity, 4; by Plank, 6. Stolen bases, Hartsel. Left on bases—New York, 7; Philadelphia, 7. Wild pitch, Plank. Time: 1.55. Umpires O'Day and Sheridan. Official attendance 13,598.

SIR HENRY IRVING DEAD.

Great English Actor Died Suddenly After Returning From Theatre.

By Wire to The Morning Star.

London, Oct. 13.—Sir Henry Irving died suddenly at Bradford tonight. The death of the distinguished actor was totally unexpected. He was engaged in a tour of the provinces, appearing nightly and a few days ago spoke at a public meeting in advocacy of the movement for a municipal theatre. Sir Henry played as usual tonight at the Bradford and returned from the theatre to his hotel where he was seized with an attack of syncope, dying at 11:30 o'clock. Irving's last appearance was as "Becket" in Lord Tennyson's great play of that name.

The Associated Press tonight received the following telegram from Sir Henry Irving's manager, Bram Stoker:

"Very terrible news. Sir Henry Irving had an attack of syncope after returning from the theatre to the hotel tonight and died suddenly."

SALE OF CAROLINA NORTHERN.

R. T. Gray Appointed Special Master for Sale October 17th.

(Special Star Telegram.)

Raleigh, N. C., Oct. 13.—Judge Purnell made an order in the Federal Court to-night, naming R. T. Gary, of this city, special master instead of Capt. V. E. McBee, to sell the Carolina and Northern Railroad at auction October 17th at Lumberton. The change is made at the request of bondholders, on account of the serious illness of Mrs. McBee at Asheville, and on certificate from the attending physician, that the sale be postponed thirty days, but the bondholders objected to this, hence the order substituting Gray to make the sale, which is by order of the court in the case of the Atlantic Seaboard Construction Co., vs. the Carolina and Northern Railroad Company.

WARM WIRELETS.

Knoxville's trains inspection service which has been maintained for the past two months owing to the number of yellow fever suspects arriving there was discontinued yesterday by order of the Board of Health.

At the meeting in Roanoke, Va., Thursday of the Board of Directors of the Norfolk & Western Railway Company, it was decided to order fifty new locomotives and 2,500 cars, and to make other additions to the equipment of the road as required.

The sales in the Fall River print cloth market for the week will amount to about 200,000 pieces. The tone of the market continues very firm. The demand for goods has been active, but the mills are only moderate sellers at ruling figures.

At Bamberg, S. C., last night fire destroyed the depot of the Southern railway and freight sheds and platform, merchandise, cotton and freight cars, and damaging stores nearby. The losses include over two hundred bales of cotton and merchandise valued at $20,000. The loss is now estimated at $50,000, which included damage to stores of H. C. Folk and others.

The Holston Convention of the Methodist Episcopal Church, South, in session at Bristol, Tenn., yesterday, unanimously adopted a resolution commending President Roosevelt's efforts in behalf of peace between Japan and Russia. The resolution says the President has wrought well for the greater civilization, and the betterment of mankind.

COTTON LEAK PROFITS $200,000

Indictments in New York Against Erederick A. Peckham and Moses Haas

HOLMES' SHARE WAS $65,019

Government Charges Conspiracy Between Defendants and Edwin S. Holmes—Some Give-Away Checks Unearthed.

By Wire to The Morning Star.

New York, Oct. 13.—The profits of the alleged conspiracy in the operations based on the recent leak in the government cotton crop reports are placed at approximately $200,000, according to an indictment presented in court today on the arraignment before United States Commissioner Ridgeway, of Frederick A. Peckham and Moses Haas. According to charges made in this indictment Edwin S. Holmes, Jr., associate statistician of the Department of Agriculture received $65,017.

The indictment, which was found by a grand jury in Washington on October 13, is against Edward S. Holmes, Jr., of Washington, as well as against Haas and Peckham, and charges all collectively with having conspired to defraud by procuring advance information from Holmes concerning the government's cotton report. It sets forth in full many copies of telegrams and also of checks which passed between the accused, tending to show that a conspiracy existed.

One of the checks, dated December 12th, 1904, drawn on the Second National Bank, of Hoboken, and signed by Lewis C. VanRiper, calls for the payment of $24,250 to M. Haas, of which sum it is alleged Haas paid Holmes $14,250 in cash. Many other minor checks for sums ranging from $100, to $500 are set forth in the indictment, in addition to another check signed by VanRiper and payable to Haas on the same bank for $38,292, dated December 31, 1904. Of this sum it is claimed Holmes got $10,767.

Counsel for the defense today moved for the discharge of the prisoners on the ground that the charges as alleged did not constitute an offense against the government. The hearing on the motion was adjourned until October 21st. Bail was fixed at $10,000, which was furnished.

BUSINESS IS ON BIG BOOM.

Activity So Great Railroads Can't Handle Business of Country.

By Wire to The Morning Star.

New York, Oct. 13.—Bradstreet's tomorrow will say:

Cool weather, later than usual in arriving this year, has biven a stimulus to retail trade throughout a wide area and helped the already active jobbing trade through the medium of re-orders. Much delayed business has also materialized through the lifting or abolition of quarantines throughout the central South. Further strength has likewise developed in iron and steel, which, though perhaps quieter sof ar as new business is concerned, are more firmly held or show further advances. Premiums for quick delivery are now almost universal and contracts far into 1906 are announced for both crude and finished products.

The only flaw in the situation at present—one by the way, flowing from intense activity in all lines of industry—is the growing inability of the railroads to handle the freight traffic offering. This complaint is well nigh universal. The lumber trade North and South sends complaints of delayed shipments and the eastbound soft coal trade is likewise affected. Railway gross earnings in September were very heavy, increasing six per cent. over the same month in 1904.

Business failures for the week number 183 against 196 in 1904.

WORLD'S PACING RECORD.

Dan Patch Tied Star Pointer Against Stiff Breeze.

By Wire to The Morning Star.

Lexington, Oct. 13.—Dan Patch today failed the lower the world's pacing record of 1:59 1-4 for a mile unpaced held by Star Pointer but for the second time the challenger for the record equalled Star Pointer's best time.

A stiff breeze that struck Dan Patch in the face in the third quarter tired the pacer so that he could not maintain his speed through the stretch. The time by quarters was 30, 59; 1:28 1-2; 1:59 1-2.

Hersey was behind Dan Patch and Scott Hudson drove a runner along side. At the head of the stretch a second runner was picked and Dan Patch came home between two runners. He showed that he was tired.

ASHEVILLE LOSES CONFERENCE.

Birmingham Finally Selected by Southern Methodists for Meeting.

By Wire to The Morning Star.

Asheville, Oct. 13.—A special to the Citizen from Birmingham, Ala., says that the committee on place of meeting of the Southern Methodist conference has decided upon Birmingham for the quadrenniel conference to be held in May, 1960.

The committee at first selected Birmingham but thought seriously of reconsidering this decision on account of alleged insufficiently of hotel accommodations. It visited Asheville with the idea of choosing this city for the Conference, but finally decided to make no change and meet in Birmingham.

SHERIFF OF HARNETT.

DIVORCE FOR TAGGART, WIFE TURNED ADRIFT

Even Children Taken Away From Mother—She Drank and Cut Up With Army Officers.

By Wire to The Morning Star.

Wooster, O., Oct. 13.—Judge Eason, who heard the divorce case of Captain Elmore F. Taggart against his wife, rendered his decision this afternoon The court grants Captain Taggart the divorce and the custody of the two children, Culver aged 11, and Charles aged 7. Although Mrs. Taggart is denied possession of the children she will be permitted to see them. Captain Taggart was in court during the reading of the decision. Mrs. Taggart is ill and was not present. The room was crowded with an eagerly expectant throng of people.

Judge Eason before giving his decision reviewed the petitions, cross-petitions, answers and affidavits. In the course of his statement Judge Eason said that the testimony was deeply touching. The charge of drunkenness against Captain Taggart, the court said was not sustained.

The trial lasted seven weeks. The case went to the court a month ago. The suit was first started in July, 1904, by Captain Taggart who filed a petition for divorce charging his wife with conduct unbecoming a wife and alleging the excessive use of intoxicants. Mrs. Taggart heard of the proceedings in San Francisco several weeks later and immediately started for Wooster, the home of the Taggarts, where she filed a counter petition for divorce against Captain Taggart on the grounds of cruelty and neglect. The case has been of exceptional interest because of statements during the trial by Captain Taggart that the use of intoxicants in the army was so common as to be almost the custom. A number of prominent army officers were named in Captain Taggart's petition as having been more or less the cause of the domestic troubles between Captain and Mrs. Taggart.

Culver, the oldest childd of Captain and Mrs. Taggart, declared to his mother tonight that no matter what the court decided he would rather remain with her. This afternoon before the decision of the court was announced the child went to his mother and said:

"Mama, I won't have to leave you, will I?"

The Taggart home is being watched tonight because of a fear that the children might be kidnapped.

TO RECEIVE THE PRESIDENT.

Elaborate Preparations in Progress at Raleigh—Other Notes.

(Special Star Telegram.)

Raleigh, N. C., Oct. 13.—Governor Glenn appoints Major W. A. Graham, of Lincoln county, a member of the State Board of Agriculture to succeed S. T. Wilfong, recently deceased, in the Seventh district. Major Graham served on the board a number of years and resigned to become a member of the 1905 Legislature.

A charter is issued to the Albemarle Real Estate and Insurance Company; capital $100,000 authorized, $5,000 subscribed by E. M. Asbury, and others.

At a meeting of the citizens' committee on arrangements for the reception of President Roosevelt in the executive office of Governor Glenn, the special committee consisting of Mayor James I Johnson, on behalf of the Governor, and Sherwood Higgs, on behalf of the State Fair management, decided to prepare and publish the official programme which will, however, differ in no material way from the programme heretofore published. As at present understood the order of ceremonies for the reception of the President will be a procession from the Union depot to the Governor's mansion at 8 A. M., the President to arrive here at 1 A. M. and remain on the car until the forenoon hour; breakfast to the President and party at mansion until 10:30. Then procession from the mansion to the fair grounds and address by the President at 11:30 o'clock followed by luncheon to the Presidential party and Fair marshals by the North Carolina Agricultural Society. The President will leave at 1 P. M.

The military committee reports today that they have received official notice that military companies will be here for the parade in honor of the President from Clinton, Lumber Bridge, Fayetteville, Goldsboro (Co. D.), Salisbury and Franklin. Then a letter from Colonel Craig states positively that companies from Sanford, Burlington and Greensboro will be here. In addition to these, there will be two companies from Raleigh and the A. & M. College cadets, five hundred strong. The military committee is confident there will be really fifteen companies in that they expect several that have not yet sent in their notification. The Boys' Brigade, of Goldsboro, will be in line. Thorough preparations are being made for camping the visiting companies on Cameron field, near the fair ground.

TREATY RATIFICATION.

How it Will Be Done To-Day Through Washington.

Washington, Oct. 13.—It has been arranged that the ratifications of the Russian-Japanese peace treaty shall be exchanged to-morrow. Mr. Takahira, the Japanese minister, will notify the State Department that his Emperor has signed the treaty at Tokio. The State Department will notify the American embassy at St. Petersburg to that effect and Mr. Spencer Eddy, the charge' there, will duly notify the Russian government. That government in turn will notify the French foreign office throught its own ambassador in Paris that the Russian Emperor has signed his copy of the treaty. The French foreign officer will notify its minister in Tokio and he in turn, will inform the Japanese foreign office, and this will be regarded as a formal exchange of ratifications.

RIVER AND HARBOR WORK.

No Estimates for Improvements on Account of Deficit.

Washington, Oct. 13.—The chief of the engineers of the army will not make any estimates for river and harbor this year to be submitted to Congress, save for the continuing contracts which have been authorized by law. There will be a river and harbor bill at the coming session of Congress.

FEVER RECORD FOR YESTERDAY

Increase in Cases in New Orleans But Hopeful View is Entertained

PENSACOLA HAD 29 CASES

There Were Also Five Deaths In Afflicted Florida City—Vicksburg Reports 8 Cases—Fever Breaks Out In Alabama.

By Wire to the Morning Star.

New Orleans, Oct. 13.—The following is the official summary of the yellow fever record at New Orleans up to 6 P. M. today:

New cases today, 25; total to date, 3,286.

Deaths today, 4; total deaths to date, 423.

New foci, 6.

Cases under treatment, 167.

Cases discharged, 2,696.

The jump to 25 new cases was something of a surprise but it has cuased no uneasiness, because the experience of all past visitations of the fever is that toward the end there is always a radical variation in the exports from day to day. The report for Saturday is just as likely as not to be extremely low. The indications point that way as there were only two cases of suspicious fever reported today.

Of the new cases six were above Canal street. Algiers reported one case and one death. The other three deaths were down town also. Of deaths two were girls of 15, one a boy of 11 and one a young woman of 21.

Twenty-Nine Cases in Pensacola.

Pensacola, Fla., Oct. 13.—The summary of yellow fever tonight is as follows:

New cases today, 29; total cases, 383.

Deaths today, 5; total deaths, 58.

Under treatment, 186; discharged, 145.

Today again showed an increase in the number of new cases and also in the death rate. The officials and citizens, however, are more confident than ever that the fever can be stamped out within a short time inasmuch as every available man in the city was employed today to assist in the work of fumigation and cleaning up.

State Health Officer Porter declared a quarantine against Conecup and Escambia counties Alabama on account of the prevalence of yellow fever at Castleberry.

Mississippi Situation.

Jackson, Miss., Oct. 13.—The official yellow fever summary for Mississippi today is as follows:

Natchez, new cases, 4; new foci, 3.
Vicksburg, 8 new cases.
Gulfport, 3 new cases.
Roxie, one new case.
Hamburg, no new cases, one death, 3 under treatment.
Port Gibson, two new cases.
Rosetta, one new case, no deaths.

Vicksburg Not In Despair.

Vicksburg, Miss., Oct. 13.—While there were eight new cases of yellow fever to day the increase is not regarded with alarm. In fact Surgeon Guiteras of the Marine Hospital Service believes that the epidemic period is over here, although there may be one or more new cases daily for the next month. It is not believed, however, that there will be any material spread of the disease.

Natchez Fight.

Natchez, Oct. 13.—Of the four new cases reported today three are white patients and represent three new foci. The weather is turning warmer. Tenas parish, Louisiana, having raised the quarantine on local boats, it is expected that Concordia and Catahoula parishes will do the same and this will enable the boats to resume operations. Summary: New cases, 4; new foci, 3. Total cases, 164; discharged today, 7. Total deaths, 7. Total under treatment, 29.

Two Fatal Cases In Alabama.

Atlanta, Ga., Oct. 13.—Instead of withdrawing the quarantine against all fever infected points today as was believed would be done, the Georgia State board of health extended the restrictions, including with the points hitherto listed the fololwing Alabama counties: Mobile, Baldwin, Monroe, Conecuh, Covington and Escambia. This action followed telegraphic advices from Dr. W. H. Sanders, State Health officer of Alabama that two fatal cases of yellow fever had been unearthed at Castleberry, Ala. It is believed that several weeks may elapse before the Georgia board may consider the danger sufficiently remote to allow entire removal of all restrictions.

PINNING CARTER DOWN.

Government Demands Check Stubs—Attorneys Have Lively Spar.

By Wire to the Morning Star.

Chicago, Oct. 13.—Charges of dishonesty against government officials who were connected with the investigation of Captain O. M. Carter's affairs as a government engineer were made to-day by Attorney Stone, counsel for Captain Carter. Attorney Erwin for the government had asked Captain Carter to produce certain checks stub books. Thereupon Attorney Stone declared that the stubs had been seized by the government some time ago, and that everything favorable to Carter's case was destroyed, while the unfavorable documentary evidence was saved.

"We did not get the stub book in question," said Attorney Erwin, "and Captain Carter is known to have received it from R. F. Westcott, his father-in-law, so Captain Carter must produce it."

"The stub books," answered Attorney Stone, "were in a box which was seized and we want you to produce it."

"We intend to show that they were in Carter's possession after the box was seized," said Attorney Erwin, "and he must produce the documents."

Carter was then asked concerning a contract which bore his signature, and that of his father-in-law, showing that Carter had paid $63,020 on certain property in Orange, N. J. Carter declared that he signed the document believing it merely meant the deeding of $61,000 worth of property to him by his father-in-law, as a present.

THE BANKERS' DOINGS AT CLOSING SESSION

Plan To Insure Depositors Was Discussed—A. G. Brenizer Elected President for North Carolina.

Washington, October 13.—The thirty-first annual convention of the American Bankers' Association ended today with the record of having been the largest attended and most successful from a business standpoint in the history of the association. Their registration of arriving members continued until to-day when the total of 3,400 was reached.

The business of the sesison today was executed with dispatch. It included a brief discussion of the advantage of having some system of insurance extended to depositors in banks, preferably supervised by the government; in advocacy of a ship subsidy by the government; and the election of officers, at which John L. Hamilton, of Hoopeston, Ill., was made president.

At the conclusion of the convention the newly elected executive council held a meeting for organization. Colonel J. D. Powers, president of the Union Trust Company, of Louisville, Ky., was elected chairman. James R. Branch, of New York, was re-elected secretary for the eleventh term, and Van Vechten, of Chicago, and William G. Fitzwitson, of New York, were re-elected assistant secretary and treasurer, respectively.

During the discussion of the bank insurance question Mr. Adams, of North Carolina, advocated insurance by each individual bank through some company. It was maintained by Mr. Campbell, of Indiana, that Congress had no power to guarantee or protect an individual.

Harvey D. Goulder, of Cleveland, delivered an address on "Our Commerce," in advocacy of government aid to shipping.

G. S. Whitson, of New York, was elected first vice-president and the following presidents of the different States: Alabama, E. J. Buck, Mobile; Arkansas, S. S. Faulkner, Helena; Florida, E. W. Lane, Jacksonville; Georgia W. F. McCauley, Savannah; Louisiana, H. H. Youree, Shreveport; Mississippi, B. W. Griffith, Vicksburg; North Carolina, A. G. Brenizer, Charlotte; South Carolina, W. B. Montgomery, Marion; Tennessee, Joseph H. Smith, Nashville; Texas, J. W. Spencer, president of the Farmers' and Mechanics' National Bank, Fort Worth; Virginia, William M. Habliston, Richmond. J. G. Brown, Raleigh, N. C., was elected a member of the executive committee.

By resolution the convention resented frequent alleged reports that the association placed noted criminals on salary to prevent their continued fraudulent operations. No such arrangements were ever made with wrong doers, it was declared.

HESTER'S COTON STATISTICS.

Visible Supply of World's 1905 Cotton Crop 3,326,472 Bales.

By Wire to The Morning Star.

New Orleans, Oct. 13.—Secretary Hester's weekly New Orleans cotton exchange statement issued today shows for the 13 days of October a decrease under last year of 113,000 and an increase the same period year before last of 109,000.

For the 43 days of the season that have elapsed the aggregate is behind the same days of last year 192,000 and ahead of the same days year before last 662,000.

The amount brought into sight during the past week has been 456,615 bales, against 511,000 for the same seven days last year and 393,682 year before last.

The movement since September 1st shows receipts at all United States ports to be 1,606,008 against 1,789,368 last year.

Overland across the Mississippi, Ohio and Potomac rivers to Northern mills and Canada 35,836 against 40,074 last year; interior stocks in excess of those held at the close of the commercial year 210,669 against 244,316 last year; Southern mills takings 288,000 against 258,714 last year and 215,894 year before last.

The total movement since September 1 is 2,140,543 against 2,332,472 last year.

Foreign exports for the week have been 174,824 against 259,050 last year, making the total thus far for the season 854,945 against 1,186,692 last year. The total takings of American mills, North, South and Canada thus far for the season have been 489,288 against 465,322 last year. Stocks at the seaboard and the 29 leading Southern interior centers have increased during the week 174,161 bales against an increase during the corresponding period last season of 142,065. Including stocks left over at ports and interior towns from the last crop and the number of bales brought into sight thus far from the new crop, the total supply to date is 2,585,074 against 2,494,429 for the same period last year.

Secretary's statement of the world's visible supply of cotton issued today shows the total visible to be 3,326,472 against 3,090,704 last week and 2,416,291 last year. Of this the total of American cotton is 2,589,572 against 2,351,704 last week and 1,917,291 last year. Of all other kinds, including Egypt, Brazil, India, etc., 737,000 against 739,000 last week and 499,000 last year.

Of the world's visible supply of cotton there is now afloat and held in Great Britain and continental Europe 1,579,000 against 1,235,000 last year in Egypt, 58,000 against 72,000 last year; in India, 433,000 against 225,000 last year, and in the United States 1,256,000 against 884,000 last year.

The Richmond people are making great preparation for the reception of President Roosevelt. The main sterets of the city are already gay with buntingin anticipation of the Chief Magistrate's coming, and the indications are that the decorations next Wednesday will be the most elaborate ever seen in the South. The number of invitations to the banquet in honor of the President is limited to three hundred and so great and general is the desire to meet Mr. Roosevelt at the banquet board that the committee in charge has had the greatest difficulty in choosing them.

SHERLOCK HOLMES TO-NIGHT.

Startling Production of the Sensational "Sign of the Four."

The Academy of Music will offer to theatre partons at matinee this afternoon and evening performance tonight, the sensational dramatization of Sir A. Conyan Doyle's work, "The Sign of the Four," the sale of seats for which is now on at Plummer's. Of the production in Raleigh Thursday night, the News and Observer of yesterday says:

"That there is deep interest in the wonderful characters and the mysteries of the mind of 'Sherlock Holmes' was shown last night in the keep appreciation of the story of 'The Sign of the Four,' presented at the Academy of Music.

"The audience showed its pleasure by frequent applause during the performance and at the end of the third act there was so much of this that three times was the curtain raised to allow another sight of 'Sherlock Holmes' and the participants in the play, who had made a seeming reality out of a stirring climax in the play.

"In the part of 'Sherlock Holmes,' Mr. Sam B. Hardy does some excellent work and his appearance is as the pictures of the famous sleuth of Sir Arthur Conan Doyle's stories. In his clever work he was ably seconded by Mr. Willard Hutchinson as "Dr. John Watson.' As 'Bessie,' Miss Catherine Christie is charming and effective, while Miss Elinore M. Page, as 'Mary Marston' is attractive. The play is clever throughout and there are some neat bits of humor as well as detective work and critical situations.

"The audience showed that it appreciated the performance, and this is proof of its attractiveness, for upon that the success of any play depends. If applause and expressions of appreciation are an index of success then the reception of "The Sign of the Four" last night gives it credentials to all future audiences, which are certain to find pleasure and amusement in its presentation.
